

Welcome To Our First E-Newsletter!

Autotech Auto Center is an independently-owned and operated, AAA-approved, full-service auto repair and preventative maintenance center. We are located in O'Fallon, Missouri and have been serving vehicle owners since 1993.

Our experts have the knowledge to service and repair even the most challenging auto problems on all makes and models of domestic and import vehicles. Why take your car back to the dealer for maintenance, when you could bring it to our highly-qualified service technicians? Regardless of where it was built, we will service your car or truck and still maintain the manufacturer's warranty.

We are an ASE Blue Seal Certified repair facility, one of only 38 qualified repair shops in Missouri! We are one of only two qualified shops in St. Charles County, and the only ASE Blue Seal Certified repair facility in the entire Westplex area!

We are also a charter member of the Alliance of Automotive Service Providers of MO (AASP-MO).

Around the Shop...

Jennifer, the wife of our long time technician Mike Kuemmel, just graduated from the Forest Park Respiratory Therapy Program on May 12th; and she is working at Missouri Baptist Hospital. We are all proud of her! Way to go, Jen!

Susie just inherited a "fat" cat from her mother, who swore "she is just fat!" Guess what? She just had 6 kittens! She's not fat any longer! Does anyone want a kitten?
